Join this 2-day conference to understand the role and impact of meditation through lectures, panel discussions and case studies from experts and practitioners in these four areas:

- Holistic Growth
- Physical Health & Mental Well-being
- Organizational Excellence
- Excellence in Education

For more information & registration: www.buddhaceo.org/gcml

Objectives of the Conference

Spread awareness about the role of meditation in driving positive social change that is defined as “a resilient and self-empowered individual, a growing and purpose-driven organization, and a harmonious and expansive society”.

Aid senior leadership in governments, global organizations, corporations, and others in formulating policies and guidelines for the rapid adoption of meditation across organizations and communities.

Who can benefit

- Law makers, Policy makers, Government officials
- Leaders of professional bodies, industry associations
- Heads of universities, educational boards
- CEOs / Leaders of public and private sector companies in all sectors
- Leaders of healthcare, yoga, alternate medicine institutions
- Heads of NGO's across the globe, working towards social change and empowerment
- Leadership of global and cross nation organizations such as UN, World Bank, G20, etc

Our Inspiration

Brahmarshi Pithamaha Patriji

Founder, Pyramid Spiritual Societies Movement

PROJECT EXCELLENCE

A new initiative from PSSM and Buddha-CEO, aimed at assisting government bodies, corporations, and NGOs in creating positive economic and social change in society through awareness and rollout of meditation and inner transformation programs.

Charter / Goals:

Spread Awareness

- Global and Regional Meditation Conferences
- Create and publish educational content

Scale Enablement

- Formulate training programs
- Build a community of trainers to teach Right Spiritual Science Wisdom

Rollout Programs

- Connect trainers and provide governance
- Support with resources, technology, and program management

This conference is the 1st initiative from Project Excellence
